Report of Superintendent of Schools

To the School Board and Citizens of Milan:

Herewith is submitted the annual report of your superintendent, it being the twenty-fifth in the series of such reports.

During the school year—1943-44—five schools were maintained during the first half of the year and four during the last part of the year. The enrollment at Hodgdon Hill School became so reduced that it was closed on December 17, 1943, and the pupils transported to West Milan.

An assistant teacher was employed for a portion of the year at the Milan Consolidated School.

The total enrollment during the year was 109, and the percentage of attendance was 92%. Seventeen pupils were graduated from the eighth grade in June and nearly all of these are now continuing their education in High School.

The present school year opened with new teachers at the Milan Village School. Miss Grace Devlin of Berlin was appointed as teacher of Seventh and Eighth Grades. Miss Devlin received her teacher training at Keene Teachers' College. Miss Mildred Worster of Lincoln, Maine, is in charge of Fourth, Fifth and Sixth Grades. Miss Worster is a teacher of considerable experience and a graduate of Farmington, Maine, Normal School. Miss Pauline Webb of Berlin has the First, Second and Third Grades. Miss Webb is a teacher of several years' experience and a graduate of Normal School.

At the West Milan School, Mrs. Fannie Hayes Mullins is continuing from last year.

These teachers have adjusted themselves to the local situation and pupils, and I believe that the work is proceeding very smoothly and satisfactory progress will be noted at the end of this year. Fortunately no changes in the teaching staff have this year been necessary.

The Health Inspection work is again being conducted by Mrs. Gladys Fancy, a registered nurse. Several cases of defective vision and defective teeth have received correction.

In accord with a vote and an appropriation made at the annual school meeting, a basement has been excavated at West Milan and a furnace installed in this basement. Plans are now

under way for the installation of a good supply of water for this school. These improvements will be much appreciated.

As a large percentage of the pupils at Milan are now being transported and are at school through the noon hour, it is suggested that consideration be given, looking toward a plan to provide at the school a warm lunch for these pupils.

At the present time, government aid for such a project is possible.
